A novel understanding of leadership as the Spirit-led transformation of people and institutions by means of meaningful relations to participate in God’s mission is seen as best suited to the adaptive leadership challenges that face the missional church, and it allows the church to stop fretting over the church by entering into the dialogue. Differences Between Task-Oriented Leaders & Relational-Oriented Leaders.

Different businesses operate under different theories and practices in the hopes of encouraging the greatest level of productivity. Leadership styles in particular differ from business to business, but two leadership theories remain...Â Putting People and Relationships First. When you see your employees on Monday morning, do you ask about their weekend - or do you ask what time they'll have their reports on your desk? Although the two examples may be extreme - and your typical action lies somewhere in between - people have a tendency to lean toward one style or the other. This is true for leadership style as well as working style.
