The various activities that an organisation engages in have financial implications and tend to either consume finance or generates finance in the form of profits.

Professor Titman's areas of expertise include investments, performance evaluation of portfolio managers, corporate finance and real estate. He is an editor of the Review of Financial Studies and serves on the board of a number of other finance and real estate journals. He is a past director of the American Finance Association and a current director of the Asia Pacific Finance Association. Keown of Virginia Polytechnic Institute.

Most businesses are considered to be savers. Answer: FALSE

Financial intermediaries help bring savers and borrowers together. Answer: Owners of mutual fund shares get professional management of their portfolio, and get a diversified portfolio, as each mutual share is a share in the whole portfolio purchased by the mutual fund. In order to get these benefits, the investor must pay commissions upon purchase, and/or pay yearly management fees.
